Project Summary

Elevator Pitch

Concise Summary: Help us pitch this solution! Provide an explanation within 3-4 short sentences.

this program able to let young entrepreneur to be able to show their idea, and later their ideas could be sold to the highest bidder investor, later the program also show how this investment success rate, and show what the business has already achieved

About Project

Problem: What problem is this project trying to address?

many small businesses started by smaller investment and money later it started to generate, but nowadays it needs more working capital or money to establish or manage to start a business, this idea might help people who wanted to start a new business but does not have money.

Solution: What is the proposed solution? Please be specific!

create an app that lets new entrepreneurs have a chance to show their ideas to investors by listing and let them explain the plan, later if deal does not meet up between investor and intrapreneur, this app would let them publish their idea and do a Kickstarter program, this app becomes a platform for funding out of those ideas

Impact: How does it Work

Example: Walk us through a specific example(s) of how this solution makes a difference; include its primary activities.

1. make a campaign and advertisement out of it 2. try to publish this idea by using multilevel marketing concept 3. make the app

Sustainability

Marketplace: Who else is addressing the problem outlined here? How does the proposed project differ from these approaches?

the competitors would be another funding project, but this kind of project doesn't give the funder any advantages, since they don't return the money they have compared to this app, which gives investor 10% bonus out of it

Team

Founding Story

I see a lot of people that are trying to come out of their hectic job time by starting on making their own business, but they are afraid of taking risk because no guarantee that their business could go well, so how to make them able to have their own business and still able to feel the comfort of their office? by making this investment machine, they are able to invest a small amount of money they have.

About You

About You

First Name

Husin

Tell us about yourself/your team.

I am a student at Multimedia University on software engineering, since my father has an entrepreneur background, so I decided to put my own idea in here.

What makes you an intrapreneur? What are the skills, capabilities, and personality traits that make you an intrapreneur?

What makes me an intrapreneur is because I am able to convince and persuade people to sell or take an item, and have experience before hand on entrepreneurship, and I'm willing to take the high risk if it's needed for my business to succeed, if we never try we never know right?

About Your Organization
