Greener Innovations farming scheme is an innovation of Greener Innovations (Re-inventing Nigeria), and part of Global Youth Trends. The main idea is using old and traditional ideas to restore farming.
Greener Innovations farming scheme is an innovation of Greener Innovations (Re-inventing Nigeria), and part of Global Youth Trends. The main idea is using old and traditional ideas to restore farming

What makes your idea unique?
It is unique because it looks at the welfare of local farmers and it makes farming fun and educative in the sense that school pupils assist their parents and other farmers in the farm as part of agricultural hands-on projects and lessons

What is your area of work? (Please check as many as apply.)

Describe the primary problem(s) that your project is addressing.
Farmer's welfare and income and sustainable agriculture whereby everyone knows the importance of agriculture to the nation's economy.

Describe the steps that your organization is taking to make your project successful.
Awareness and involvement in schools (Primary and secondary at the initial stage) and having the government's involvement, funding

Impact

What will it take for your project to be successful over the next three years? Success in Year 1:
Constant practice in our schools and farm fields- Thus increasing awareness and interest

Success in Year 2:
Hold successful markets for local farmers after cultivation, and increase students participation

Success in Year 3:
Get government's involvement to initiate it as a national program thus restoring green agriculture

Do you have a business plan or strategic plan? (yes/no)
Yes

What are the three most important actions needed to grow your initiative or organization? STEP 1:
Awareness and practice

What are the three most important actions needed to grow your initiative or organization? STEP 2:
Funding

What are the three most important actions needed to grow your initiative or organization? STEP 3:
Partnership and extension into West Africa

Describe the expected results of these actions.
This field has not been completed. (150 characters or less)

What was the defining moment that led you to this innovation?
Greener Innovations is set to re-invent Nigeria, and one of the areas we hope to re-invent (or revive) is agriculture which was once one of the nation's main economic source

Tell us about the social innovator behind this idea.
Godspower Oboido-social innovator, inventor

How did you first hear about Changemakers?
From one of its previous competitions which I took part in

Sustainability

What would prevent your project from being a success?
Funding, government's involvement, school participation, farmer's participation

Financing source

If yes, provide organization name.
Yes- Greener Innovations (Re-inventing Nigeria) which is another initiative of Global Youth Trends

How long has this organization been operating? (i.e. less than a year; 1-5 years; more than 5 years)
1-5 Years
